

BENTOSTAB GRANULATES 1 KG

Bruttopreis:
53 €

Nettopreis:
43 €

Activated sodium bentonite, granulated, highly deproteinising (hydrated alumina silicates belonging to the montmorillonite group).

The formulation of BENTOSTABTM GRANULÉS offers the following advantages:

- Simpler and safer in use
- Better dispersion
- Extremely high deproteinising strength (85%)
- Very good lees settling (good clarifying power)
- Preserves the aromatic intensity of wines
