

CHAMPAGNERKORB-VERSCHLIESSMASCHINE, CAVEA 300

The bench wire-hooder is apt to the wire-hooding with 4-post wire-hoods with or without cap on glass bottles with capacities from 0.375 to 1.5 litres. The format change is performed through the simple substitution of the bottle holding cup.

Model CAVEA 300 is completely manufactured with stainless steel, food-grade plastic materials, and steel alloys. All components of the machine are easily accessible to facilitate cleaning and maintenance, so guaranteeing long term duration.

The machine is equipped with Safety guards and Certificate of conformity compliant to the EC regulations.
