

FÄSSER, FÄSSER UND BECKEN

SEGUIN MOREAU has been developing its tun-making expertise since the 1970s, showing the greatest respect for authentic traditional French craftsmanship and drawing on specific woodworking techniques inherited from cabinetmakers and shipwrights.

SEGUIN MOREAU can design oak barrels, muids, vats and tuns to fit your winery or fermenting room. Each tailor-made product tells its own tale and is a perfect match for your ageing, wine-making or spirit blending. From selecting wood to installing containers, our creative design engineers, expertly skilled master tun makers, and reliable, meticulously careful fitters are at your service.
