

METAL WIRE CONTAINERS FOR WINE, 6 PCS

Gross price:
1 476 €

Net price:
1 200 €

The containers are made of the highest quality wire. The mesh container is certified for safe stacking and load capacity. A large number of bottles can be transported. Depending on the type of bottle, you can put up to 600 bottles in them, where the load capacity of the container can be up to 800 kg. The containers guarantee safe transport. Glass bottles with wine or champagne are properly protected during transport and storage. Metal mesh containers ensure high durability and strength. They optimize storage space, improve vineyard operations and increase productivity.
