

RÜHRER FÜR WEIN, SÄFTE USW

Stainless steel hand mixer for mixing low viscosity media. Thanks to the movable agitator shaft and the folding propeller, it can be mounted in the tank from the side using the handle provided for this purpose, through the ball valve or the top tank lid.

Standard equipment:

- high quality mechanical seal

- Motor protection switch
- 10m cable.

Model	for tanks volume	engine	rotation speed	weight
Model 1	up to 10 000 l	400V / 0,37KW	1400 obr./min	14 kg
Model 2	up to 23 000 l	400 V / 0,75 kW	1400 obr./min	17 kg
