

## SEMIAUTOMATIC LABELLING MACHINE FOR ROUND BOTTLES, ET1201

**Bruttopreis:**  
**30 171 €**

**Nettopreis:**  
**24 529 €**

Table applicator of self-adhesive labels for cylindrical containers. As standard, the device sticks the front and back labels. The applicator is also recommended for containers with low physical resistance to pressure, such as PET. The pressing of the containers is achieved in addition to the foam roller, which also activates the labeling cycle. Capacity: up to 700 b/h.
